Career History

Palletiser and shipping operative – Amazon.co.uk, Dunstable 08/2022-02/2023

Responsibilities: Efficiently palletised and prepared goods for shipment, ensuring adherence to strict quality and quantity standards. Managed incoming and outgoing stock levels, maintained a clean and safe work environment, and collaborated with the shipping team to meet delivery deadlines.

Skills needed: Physical stamina, attention to detail, ability to work under pressure, proficiency in operating palletising equipment, basic computer skills, and effective teamwork.

Achievements/Improvements made: Consistently achieved production targets, reduced product damage through careful handling, and implemented process improvements to enhance efficiency. Demonstrated adaptability during peak periods, effectively managing workload fluctuations. Contributed to a positive team environment through cooperation and problem-solving during a record breaking peak period for amazon.

Web Designer– Self Employed, From Home 09/2008 - 10/2022

Created and helped with various websites for numerous clients. These can all be found at <http://www.russellhead.co.uk>.

Responsibilities: Flash Design, coding (css, javascript, as2, as3, html, html5 etc), image processing, animation, networking and promotion.

Maintenance of various websites for a huge variation of business's.

Skills needed: Good head for maths, fast typing rate, professionalism, a good understanding of computers, keen eye for detail, communication skills, understanding of what each client wants, ability to network and understand the value of networking, an eye for good design, the ability to promote, a huge understanding of SEO's and google algorithms, did all my own invoices and accounting.

Achievements/Improvements made: Self taught a lot of things. Realised I could make a profit whilst only relying on my own time, initiative and determination. Have learnt heaps about the internet, ranging from SEO's, good design, coding, html, html5, mysql, php, automation animation and how to satisfy a wide range of people and an even wider range of needs whilst balancing the books. Learnt to stand on my own two feet as a business.

Truck Manager – Amazon.co.uk, Milton Keynes 07/2006– 08/2008

Kept an eye on warehouse standards within amazon.co.uk

Responsibilities: Oversaw a busy shipping yard, all outgoing goods and met accuracy standards perfectly for three years, handled the balances between us and the carrier, oversaw logistical operations, helped create and implement safety standards in a busy shipping department.

Skills needed: Good head for maths, fast typing rate, strong leadership, professionalism, an understanding of computers, keen eye for detail and communication skills.

Achievements/Improvements made: Enjoyed the challenge of a busy peak period. Acted as a Shipping Lead on many occasion. Created a complex spreadsheet that automated a large portion of my daily calculations, gave advanced warning before a problem occurred, kept track of traffic in the yard and on the roads and made it much easier to manage and review a vast numbers of separate packages even automated parts of the warehouse via script. Received 3 awards through a kaizen scheme and was officially recognised for my work saving £400,000 pounds per year.

Inventory / Quality Controller – Amazon.co.uk, Milton Keynes 07/2005 – 01/12/2006

Kept an eye on warehouse standards within amazon.co.uk

Responsibilities: Carried out quality audits on behalf of the customer on employees work and kept the warehouse organised, productive and functional, etc.

Skills needed: Fast typing rate, professionalism, a keen eye for detail and communication skills.

Achievements/Improvements made: Perfect record of attendance and punctuality, gained confidence in dealing with people assertively and efficiently.

Credit Control Advisor – NTL, Luton 01/2005 – 06/2005

Advise customers on bills, take payments and set up payment arrangements.

Responsibilities: Hitting collection and handling time targets whilst maintaining a rapport with the customer.

Skills needed: People skills and professionalism.

Achievements/Improvements made: Got a best dressed male award, constantly exceeded targets, also learnt to remain tactful and assertive under extreme pressure. Top salesman for each month I worked there.

Salesman – Curry's, Luton 02/2003 – 08/2004

Selling and repairing electronic and white goods.

Responsibilities: Hitting sales targets, providing after sales advice and repairs, setting up credit agreements between the customer and finance companies, stock-taking, warehouse maintenance. Keeping up shop floor standards and replacing POS.

Skills needed: Sales Experience, Presentation

Achievements/Improvements made: Became acutely aware of the importance of customer service.

Warehouse Operative– Vauxhall Automotive, Luton 04/2002 – 01/2003

Creating plastics for car interiors. Production line worker.

Responsibilities: Make sure the production line was up to standard, check quality of all parts and error checking on production line back end systems.

Achievements/Improvements made: Got to see how the supply chain worked in a huge company. Learnt to be incredibly quick with my hands
